

STL200

LARGE METAL STILLAGE

HIGH-CAPACITY DOUBLE FOOTPRINT STILLAGE

TECHNICAL SPECIFICATION

External Dimensions	2,280 x 1,160 x 1,100 mm
Internal Dimensions	2,188 x 1,068 x 890 mm
Unit Weight	166 kg
Load Capacity	1,000 kg (distributed load)
Style	Removable Split Gate
Type	Collapsible (360 mm)
Stackable	Yes (1,060 320 mm per unit)
Finish	Zinc Plated or Galvanised

The STL200 Large Metal Stillage is a double footprint heavy-duty, high-capacity storage and distribution stillage suited to a wide range of uses and industry sectors. With a 100mm square wire mesh and split gate design for easy loading and unloading, along with 4-way forklift access and pallet racking locators for added safety. The STL200 Large Metal Stillage is specifically designed for maximum transport and storage efficiencies, along with being fully collapsible and stackable for efficient returnable transport and storage, making it the ideal solution for warehousing and transportation of goods in a safe and efficient manner.
